

Firstborn son of Rameses II: Amun-her khepeshef

### **SIDE VIEW OF WHAT MAY BE AMUN-HER KHEPESHEF**

The side view of the 3-D rendering of the suspected firstborn son of Rameses II, Amun-her khepeshef. This is an artistic representation based on Dr. Caroline Wilkinson's cranial measurements and data. He died from a head wound during his father's reign at a date in keeping with the common scholarly dating of the exodus.
